Congratulations on joining our thriving community of more than 350 volunteers around the globe. You have become part of a new cohort today—one that is essential for sustaining the daring and ambitious vision of Northeastern University. We rely on you, our volunteers, to be the pulse of our Northeastern community, wherever it may be. Your commitment of time, mentorship, and resources is a special way to give back to your alma mater. And, I personally want to thank you.

Our volunteers support the work of our office in 179 countries around the world. From highlighting alumni success stories, to supporting alumni through their professional journey, to sharing knowledge and expertise, or simply rekindling the bonds that made your Northeastern experience unique—our volunteers are our catalyst for bringing Northeastern to more than 257,000 alumni and friends across our 45 communities.

Last year, nearly 300 volunteers helped execute almost 200 events, with about 9,000 attendees. You are the face of Northeastern around the world.

Volunteering is also a great way for you to continue to expand your professional network, learn, and engage with the university’s top leadership in helping shape our vision. Past volunteers have reaped the benefits of Northeastern’s global network to move forward in their careers, and even find investors to boost their enterprise. As a volunteer, you’re a member of our “inner circle,” which means you will be contributing to our strategic planning and programming. It’s your opportunity to gain a seat at the table, share your expertise, learn from the experience of others, grow your leadership skills, and most importantly—help prepare the next generation of Northeastern community members to achieve what’s next.

Thank you for constantly pushing us to do more for our alumni. We are a better team because of our volunteers. Welcome, and I look forward to working with you.

Sincerely,

Rick Davis
Vice President

Regional and International Communities
Lead your community in collaboration with Alumni Relations. You will set goals, remain active and informed in community activities, and assist with logistics, planning, and hosting of community events. Our volunteers encourage new and continued participation, and are critical to the success of our communities.

Affinity Events
Remember your student groups and athletic teams? Affinity volunteers are the most important component of the event planning process as they have the best insight into the kinds of activities their classmates enjoy—and that can make a real difference in the quality of the experience. Assist in bringing a group back together from your student days.

Event Speaker
We are always seeking volunteer speakers to share their experience and expertise with audiences of all sizes. Topics may include career development, entrepreneurship, education, mastering new skills and techniques, and many more.

Student Engagement
Throughout the year, Alumni Relations hosts various events designed to bring students and alumni together and continue to grow the Northeastern network. For example, each semester we hold welcome events for co-op students in various cities.

Thought Leadership
Alumni Relations can help you boost your brand and share your expertise. Propose an idea for an article that could be featured in our Career Newsletter. Features include advice from career experts, or stories about daring alumni career journeys.

Mentoring and Coaching
Mentoring is a great way to stay connected to the university while helping to shape the experience of current students and fellow alumni. Our Regional Co-op Mentor Program, currently offered in Washington, D.C., New York City, Northern California, and London, gives alumni and parents an opportunity to connect one-on-one with co-op students in their region. The Huntington 100 Coaching Program provides Huntington 100 alumni an opportunity to have a yearlong positive impact on current Huntington 100 students both virtually and in person.

NUsource
NUsource is an online platform designed exclusively for Northeastern alumni and community members around the globe to virtually connect, expand, and grow their network. Join the conversation and provide guidance to fellow alumni and students seeking career advice, industry insights, mentoring, or simply strengthening professional connections.

Young Alumni Advisory Board
The Young Alumni Advisory Board provides insight and creates opportunities that enrich the personal and professional lives of recent graduates. This diverse group serves as ambassadors for the university through their leadership and as chief executive connectors for all members of the Northeastern community. This November, we will accept applications for the YAAB from classes 2011–2019 for a two-year term.

Share your Northeastern story

Alumni Relations offers a variety of networking, career, athletic, educational, virtual, and cultural programs open to all members of the Northeastern community. These events are formatted around Alumni Relations’ focus areas including social, career, and educational programming. Volunteers and Community leaders act as partners in the planning and execution process, helping to brainstorm ideas, choose venues, spread the word through social media, and “host” on the day of event.

Community leaders act as liaisons between Alumni Relations and their community to engage alumni of all ages, interests, and backgrounds. The number of events will be determined by the proven interest, size of the community, and the budget. Events are funded by a combination of budget provided by Alumni Relations and attendee registration fees.

Events are volunteer driven and should be confirmed at least 8 weeks prior to the event date for email marketing, promotion, and preparation process.

We understand that additional event opportunities arise throughout the year. Some examples include social hours, networking events, and gatherings for sporting or cultural events. Volunteers should be aware of their group’s budget and bring additional opportunities to their Alumni Relations staff contact.

WHAT QUALIFIES AS AN EVENT?

Alumni Relations hosted or co-hosted 380 events with a total of 9,000+ attendees comprised of alumni, students, parents, faculty/staff, and friends. 6,955 constituents engaged with virtual programming.

*The Northeastern fiscal year is from July 1 through June 30.

TALKING ABOUT GIVING

As an ambassador of the university and Alumni Relations, our volunteers play a key role in educating our communities about philanthropy at Northeastern. Below are some talking points to help guide the conversation.

Highlights:
• You can choose the programs your donations can support: from co-ops, to individual colleges or affinities that made your Northeastern experience unique, financial aid, and other areas of greatest need—give to what you love.
• 100% of your donations go toward the program you choose. Nothing else. Your money goes where you direct it.
• Many ranking organizations account for alumni participation in giving—regardless of the amount—when determining a university’s national ranking.
• Undergraduate participation in giving accounts for 5% of this ranking.
• Even a $1 or $5 donation adds up to making Northeastern more visible, and globally recognized.
• A higher ranking gives Northeastern more visibility with businesses and investors, which helps us receive more grants for research, invest in improving university programming, and continue to attract some of the best faculty from around the world.
• When the university does well, it directly impacts alumni in job interviews, pursuing graduate school, or networking their way up in the career ladder, or when being considered for a board or professional group membership.

2018 GIVING FACTS:

Donors helped the university raise more than $74 million last year—funds that directly went to support our co-op, colleges, affinities, athletics, and other programs.

The university received more than $700,000 last year, through gifts of under $100.

More than 2,000 seniors donated with over 70% participation rate, raising nearly $80,000.

More than 800 donors supported co-ops last year. More than 11,000 students received co-op placements in 136 countries in 2016-17. More than half of 2016 graduates received a job offer from a previous co-op employer.

Northeastern raised more than $700,000 on Giving Day, with nearly 2,000 alumni—more than 1,500 of whom were undergraduates—donating to the university.
FREQUENTLY ASKED QUESTIONS

Wondering where to begin?
Here are a few questions to ask yourself before discussing an event with your Alumni Relations contact:

- What type of event would appeal to alumni in your area or group?
- How many people should I expect to register?
- How will this event measure up against my budget?
- Are there any holidays or special events that would conflict with this event?
- Does this event align with the Alumni Relations mission?
- Is the location convenient to get to? Is it close to public transportation and is parking available?
- Does this event correlate with the event planning timeline?

How do I handle contracts?
Volunteers do not sign contracts on behalf of the university. If a venue or vendor requires a contract to be signed, please forward to your staff contact and they will prepare documentation from the university’s Office of the General Counsel. Northeastern University requires a Certificate of Insurance from any venue hosting an event. Please ask for this documentation during early conversations with your venue of choice. The contract should be presented to your Alumni Relations staff contact along with the Event Proposal form as soon as possible.

Do I have to pay for the event up front?
No, your staff contact will be responsible for all payments unless there is an event sponsor or host. Northeastern is tax exempt, so ask your staff contact for details and documentation. All receipts must be saved so please take a picture of them and do not throw them away!

Should alumni register for the event?
Yes! All parties interested in attending Alumni Relations programs will need to sign up on the event registration page on the Alumni Relations web site. Event walk-ins should register on their mobile device or write a check made payable to Northeastern University before entering. For other arrangements, please reach out to your Alumni Relations staff contact.

How do I get alumni contact information for events?
Your Alumni Relations staff contact will be able to provide you with this information, but please be sure to sign the Alumni Volunteer Outreach Disclaimer Form before proceeding. This form is required of all volunteers who will have access to alumni contact information.

What is the budget for my event?
To stay on track with your program’s budget, speak with your Alumni Relations staff contact to discuss available funds. Please note that if extra event opportunities arise, we will do our best to work with you to make it possible.

What if I want to develop a social media presence for my community?
If you’re interested in creating a social media channel, please contact Jordana Torres, manager of digital and social media engagement, at j.torres@northeastern.edu. We would be happy to discuss feasibility, strategy, and sustainability with you!

What type of events are most successful?
Event success varies by region, timing, demographics, and many other factors. A few suggestions include:

- Speed networking
- Resumé workshops
- Speaking programs highlighting faculty/alumni experts
